

## Vertical mixing machine

(Or resin powder) high-speed rolling collision friction heat, so that the material in the color mixture at the same time so that water from the exhaust pipe to quickly evaporate to achieve the purpose of drying, the effect is satisfactory

### Features :

- Four-wheel upright design, small size, easy to move;
- Equipped with cycloid reducer motor, low noise, durable;
- Short time to complete the homogeneous mixture, low energy consumption, high efficiency;
- Barrel lid, barrel bottom stamping molding, with precision, more durable;
- The timer can select the mixing time from 0-30 minutes.

### Specification :

Model	Power ( Kw )	Capacity ( KG )	Power	Rotating speed ( R/MIN )	Outline size ( cm )	Weight ( kg )
HL-VM50	1.5/2	50	380V	85	83×83×112	125
HL-VM100	3/4	100		85	100×100×128	180
HL-VM150	4/5.5	150		85	113×113×140	270
HL-VM200	7.5/10	200		85	120×120×139	313

\*Special design upon request.

## Horizontal mixing machine

### Features:

- All stainless steel barrel and the unique design of the paddle, easy to clean.
- Using cycloid gear motor, no gear damage.
- Can be tilting mixing barrel, easy loading and unloading, cleaning.

### Specification :

Model	Power ( Kw )	Capacity ( KG )	Power	Rotating speed ( R/MIN )	Outline size ( cm )	Weight ( kg )
HL-HM100	2.2/3	100	380V	63	110×85×130	258
HL-HM150	4/5.5	150		63	140×85×130	358
HL-HM200	4/5.5	200		63	158×100×140	530

\*Special design upon request.

## Drum-type mixing machine

### Features:

- The bucket body is made of imported stainless steel, the welding is firm, the surface is bright and easy to clean.
- Full 360-degree rotation mixing, feeding, the material arbitrary positioning, easy to operate.
- The first mesh protective cover, reasonable structure, beautiful and practical, to ensure safe operation.
- Timer The mixing time can be selected from 0 to 30 minutes.

### Specification :

Model	Power ( Kw )	Capacity ( KG )	Power	Rotating speed ( R/MIN )	Outline size ( cm )	Weight ( kg )
HL-DM50	0.75/1	100	380V	46	90×89×140	120
HL-DM100	1.5/2	100		46	102×110×150	147

\*Special design upon request.

## Vertical mixer

### Features:

- Helix circulation mixing makes the raw material mixing more uniform and fast.
- Suitable for all kinds of plastic raw materials and master batch mixing, new, old materials and master batch mixed effect is better.
- Equipment and raw materials are all part of the contact materials are all made of stainless steel, easy to clean, to avoid corrosion.
- There are electronic control safety devices to ensure safe operation.

### Specification :

Model	Power ( Kw )	Capacity ( KG )	Power	Rotating speed ( R/MIN )	Outline size ( cm )	Weight ( kg )
HL-VMS500	3/4	500	380V	300	145×110×220	450
HL-VMS1000	4/5.5	1000		300	158×138×310	620
HL-VMS2000	5.5/7.5	2000		300	189×168×347	1050
HL-VMS3000	7.5/10	3000		300	235×213×356	1250

\*Special design upon request.
